

## PWA install instruction

The MiAccess website and some of its resources are also available as a webapp. You can download and save resources you've searched for to your phone to use when offline.

The Webapp is available on the following browsers and operating systems:

- Android: Chrome,
- Iphone SE & 6: Safari, Chrome (partially supported)
- Iphone 7+: Safari (partially supported)

For all other devices and browsers, you'll need to be connected to the internet to use the site.
