Supporting Communities Australia Pty Ltd

Supporting Communities Australia is a registered NDIS provider in Liverpool. We work with young people aged 9 to 20 who learn differently. Positive behavior support is for 9 to 20. One-to-one mentoring, NDIS capacity building and out-of-home care support are for 12 to 20. We come to the young person, at home, at school or out in the community, so families don't have to travel to us. In the Illawarra it's behavior support only. Our founder, Yosmerys, is Venezuelan. She works with families in Spanish at no charge, and we book an interpreter for other languages. Independence is built, not assumed.
